

Arts Live Theatre Audition

Thank you for auditioning for Arts Live Theatre! We are excited you are here and look forward to your audition! In order to foster a fun and professional environment, please follow these audition guidelines.

1. Complete the audition form neatly and legibly filling in all requested information.
2. Review the tentative rehearsal schedule and list *all conflicts* in the space provided on the audition form.
3. All actors, including previous ALT actors, must include a photo of themselves with the audition form. This does not have to be a professional head shot, but does need to be an actual photo. Forms without photos or those which are incomplete will need to be corrected before turning in to the audition monitor.
4. List prior applicable experience clearly and honestly.
5. Review scene material provided at the audition.
6. Wait patiently and quietly for your opportunity to audition.
7. Arts Live Theatre professional staff will monitor auditions and be available for and questions.
8. During the audition, waiting actors will stay in Studio A in order to keep the halls clear.
9. Parents may watch an actor's audition if requested by the actor and approved by the director. Otherwise we ask parents to wait in Studio A for the actor to complete the audition.
10. To keep the noise level down and to prevent crowding, actors are asked to leave within 10 minutes of the audition.
11. An audition is a confidential matter for each actor. Refrain from quizzing an actor about the audition, unless the actor offers the information, as this can make an actor uncomfortable.
12. The cast list is normally posted to the ALT website and the ALT facebook page with the week.
13. All actors will be given an equal amount of time to audition.
14. There are a limited number of roles for each production. Not every actor auditioning will be cast - but keep auditioning regardless!

Thank you again for auditioning!
